Research Vision

My research focuses on advancing next-generation networks by optimizing spectrum resources to achieve high data rates, reliability, scalability, and practical deployments. I have particularly contributed in three areas:

- **Communication:** Develop innovative beamforming techniques (e.g., constructive multi-beams) to enhance reliable and scalable communication, particularly for mobile multi-user millimeter-wave networks.
- o Sensing: Explore novel applications in wireless sensing, such as localization and tracking, leveraging existing infrastructure.
- o Security: Investigate and mitigate security vulnerabilities (e.g., spoofing, jamming attacks) on wireless devices.

Education

2018 - 2024 University of California San Diego, CA.

PhD, Electrical and Computer Engineering, GPA: 4.0

Advisor: Prof. Dinesh Bharadia

2016 - 2018 New York University, Tandon School of Engineering, NY.

MS, Electrical and Computer Engineering, GPA: 3.96

Advisor: Prof. Shiv Panwar

2012 - 2016 Indian Institute of Technology (IIT Kanpur), India.

Bachelors of Technology (B.Tech.), Electrical Engineering, GPA: 9.5 (out of 10)

Professional Experience

June-Sep VMware, Palo Alto, CA, USA.

2022 Mentor: Dr. Rakesh Misra

o Designed and patented a near-real-time application (xApps) with VMware RIC in Open-RAN framework.

June-Aug Nokia Bell Labs, Murray Hill, NJ, USA.

2017 Mentor: Dr. Özge Kaya

Developed a Reinforcement Learning-based beam management scheme for mobile mmWave links, demonstrating 60% efficiency improvement over a baseline on a real-world mobility dataset.

Awards and Honors

- o Best Poster Runner-up, Hotmobile 2023.
- o VMware intern achievement award with \$240,000 research grant 2022-23.
- Qualcomm Innovation Fellowship winner \$100,000 research grant 2022–23.
- o Winner of 3-minute research talk competition at ACM Mobisys'20, Mobicom'21, Mobicom'22.
- o Commencement award for the best graduate student service in ECE, UC San Diego, May 2021.
- o Commencement award for the best MS Academic Achievement in ECE, New York University, May 2019.
- Commencement award (Motorola Gold Medalist) for the best all-round performance in Electrical Engineering and Computer Science, IIT Kanpur, May 2016.
- o Travel grant for MobiCom New Delhi 2018, Hotmobile CA 2023, Infocom NY 2023.
- o Samuel Morse MS Fellowship (\$100,000 financial support), New York University, 2016–2018.
- o Secured All India Rank 390 (amongst 0.5 million students) in IIT-Joint Entrance Exam 2012.

Publications

US Patent A platform for xApp development with RAN intelligent controller (provisional) R Misra, IK Jain, et al., inventors from VMware.

```
US Patent Enabling Reliable Mmwave Link Using Multi-Beam Pro-Active Tracking.
  (granted) D Bharadia, IK Jain, R Subbaraman, T Sadarahalli
 US Patent Enable Indoor Navigation with Context assisted Localization
  (granted) D Bharadia, R Ayyalasomayajula, A Arun, C Wu, S Rajagopalan, S Ganesaraman, A Seetharaman, IK Jain
           Teaching and Mentoring Experience
            Teaching Assistant.
WI 2021,23 ECE 257B- Modern Wireless Communication (Graduate) – best TA 10/10 rating.
                                                                                             [Link to class evaluations]
Spring 2020 ECE 157B- Communication and Sensing Systems (Undergraduate) - helped design a new class. [Link to my notes]
Spring 2018 EEGY 9123- Introduction to Machine Learning (Graduate).
  Fall 2017 EEUY 4563- Introduction to Machine Learning (Undergraduate) - helped design a new class. [Link to class exercises]
Spring 2017 ELGY 6373- Internet Architecture and Protocols Lab (Graduate).
            Mentorship, I have mentored historically underrepresented and underprivileged students.
   2022-23 Rohith Reddy (UCSD PhD)
   2019-21 Tian Qiu (UCSD PhD)
   2023-24 Ushasi Ghosh (UCSD PhD)
   2023-24 Mohamed Waeel (UCSD PhD)
   2019-21 Raini Wu (UCSD BS → UCSD PhD)
   2018-20 Tejas Sadarahalli (UCSD MS → Qualcomm)
   2019-21 Hou-Wei Lin (UCSD MS → Amazon)
   2020-22 Xiangwei Shao (UCSD MS → Huawei)
   2020-21 Weginbara (Michael) Youpele (UCSD MS \rightarrow Naval Surface Warfare Center)
   2021-23 Joshua Orozco (UCSD MS → TrellisWare Technologies)
   2021-23 Puja Shukla (UCSD MS → Marvel Technology)
           Invited Talks
            University and Industry Talks.

- May 2023 Infocom 2023, New York City, NY
- Aug 2021 Sigcomm 2021, virtual
- Aug 2020 Mobicom mmNets 2020, virtual

Leadership

2021–2022 The Marconi Society, Scholar in Residence.

Served as a student scholar for facilitating the Marconi Society meetings with the chair Vint Cerf and other prominent scientists, engineers, and policymakers.

2021–2022 Escribamos Ciencia K12 team, UC San Diego.

Developed interesting science modules and videos for K12 students on topics such as electricity, internet, nuclear power, etc., under guidance of Prof. Olivia Graeve.

2020–2022 Jacobs Undergraduate Mentorship Program, UC San Diego.

Mentored underprivileged students through lab tours, industry talks, panel discussions, technical workshops, etc., and bridged the communication gap between undergraduates and graduate students.

2020–2021 O.W.L Reading group, Inter-continental collaboration.

Founded in Fall 2020 as a small group of Ph.D. students interested in research talks and discussion on recent conference papers and has grown over 100+ members in a year.

2019–2021 Vice President, ECE graduate student council, UC San Diego.

Responsible for providing communication between ECE students and the ECE department and organizing seminars and student mentorship programs.

Services

2023 **Co-chair**.

ACM Mobicom S3 Workshop 2023, co-chair ACM Mobicom mmNets 2023, publicity chair

2021–2022 Technical Program Committee (TPC).

ACM Mobicom S3 Workshop 2021

IEEE WCNC 2022

2019–2023 Artifact Evaluation Committee (AEC).

ACM Sigcomm 2023

ACM Mobicom 2023

ACM CoNEXT 2019

2019–2023 Technical Reviews.
